Programs That Teach	Programs for Leaders	Programs That Create	Programs That Move
<p>Science Club: <i>The goal of this program is to cultivate students' interest in learning Science. To help participants acquire basic knowledge of Science and develop a scientific way of learning. The youth will develop awareness of and concern for scientific issues in personal, social, environmental and technological contexts. Overall, staff will encourage youth to develop an understanding scientific knowledge through experiments.</i></p>	<p>Zones of Regulation Training: <i>The overall goal at the end of this program is for children and youth to continue building and coaching their interpersonal skills and self-identity. Another goal is to continue fostering children and youth's positive self-esteem, build on their core values, self-esteem and</i></p>	<p>JR Chefs: <i>let's get cooking. Join us in our fancy kitchen and learn the fundamentals of cooking nutritious meals. We explore cuisines from around the world, and the best part is, we get to eat them too. The overall goal is for children and youth to learn about the fundamentals of baking. Through fun and engaging activities, children and youth will explore different baking methods around the world and will utilize their skills in preparing world foods.</i></p>	<p>Zumba Nation: <i>The overall arching goal for the Zumba program is to engage kids in fun physical activities that utilizes different body movement mediums. To help children and youth develop a healthy lifestyle that incorporates fun fitness activities that integrate key childhood development elements such as leadership, respect, team work, confidence, self-esteem, memory, creativity, coordination and cultural awareness.</i></p>
<p>Kid's choice: <i>This is a fun interactive time spent in the gym or outside where all the activities are selected by kids. It is a great way to enhance your self-confidence, communications and teambuilding skills</i></p>	<p>Cool Moves: <i>A great way to learn about nutrition and understand the Canadian food guide. The goal is for children and youth to learn about balancing healthy lifestyle with the combination of nutrition and physical activities. Kids will learn how to prepare healthy day to day snack following the Canadian food guide, and will extend their knowledge and skills in some fun interactive games that builds on physical literacy.</i></p>	<p>Art Club: <i>The goal of this program is to empower the youth to learn about and practice different mediums, styles, and techniques in the field of fine arts. It will encourage the youth to express their individuality through a creative outlet. Staff will teach the participants the correct way to utilize art supplies and get the best results. Art club will also give youth an opportunity to obtain employability skills.</i></p>	<p>Mile Zero Dance: <i>In a positive, non-competitive environment, participants learn to use their bodies intelligently and consciously. By learning to develop their creativity through movement, students build physical awareness, strength and self-esteem. Working together as a class inspires teamwork, encouraging leadership and co-operation within a group</i></p>
<p>Reading Club: <i>what is there to say other than open that book and explore a whole new world. Shining and shimmering tales to wind us down from an active day</i></p>		<p>Act it out: <i>The goal is for staff to utilize drama based activities to help foster creativity among the youth. The participants will build their self-esteem by stepping out of their comfort zone and participating in new and engaging activities. The youth will also develop a greater understanding about empathy, through interactive drama games and developing characters.</i></p>	<p>Free Time: <i>this is a half hour sport play time, planned by one of our all-star staff. This includes but not limited to; Hockey, Baseball, Soccer, Basketball etc. Who knows what it will be that day, come find out!</i></p>
